I would like to appeal the decision to deny my claim on damages to the property at the above address that occurred while the police were executing a search warrant; while it was a lawful search warrant, the damages to the areas in question were not / should not have been included in the search area for the suspect they were looking for. Thank you for your consideration.

RE: 4053 N 12th St; Milwaukee, WI 53212

On the evening of August 16th / morning of August 17th 2017, the Milwaukee Police Department was looking for a suspect believed to be in the lower unit of a property under my management. In their search, the officers forcibly entered the detached and locked garage located on the west side of the house. I use this garage for storage and neither the lower or upper unit tenants have access to it. The exterior door was damaged beyond repair, as well as the locking system and door knob.

In addition, two padlocks; one leading to a storage area under the basement stairs and one leading into the attic, were forcibly removed. The frame on the basement door was damaged and the attic lock was pried open and left on the ground. Entry was attempted to the interior rear entry door for the upper unit; located at the top of the shared rear stairs and adjacent from the attic door, in a manner causing the existing locking system to fail. Unable to repair the door to lock effectively, the door and locking system had to be replaced as well.

A total of \$431.94 is being sought to cover the repairs from this search. Please make any check payable to Taofiki Alabi.
