H) COMPUTATIONS USED IN ARRIVING AT FISCAL ESTIMATE: This ordinance provides changes to the night parking permit application. In order to receive a permit the vehicle must have a valid motor vehicle license plate. In addition, the ordinance specifies that a vehicle displaying a night

parking permit must also display a valid vehicle license plate. If the vehicle does not display a valid license plate, the vehicle is subject to a night parking citation. It is unknown the number of vehicles that have night parking permits but do not have valid license plates. In addition, the ordinance clarifies that the name and address of the permit applicant and the state of issuance is required and removes the provision of a signature to accommodate the implementation of kiosks to sell night parking permits.
