C.I. File No. 04-S-280

We would like to appeal your decision to deny our claim of \$ 316.80. We understand that you are denying this claim because standard procedure was followed in repairing the water main break. The timeliness of this repair did not help our situation at all as we were already stuck in your street.. As you have acknowledged, we needed towed. Our driver was instructed by the inspector to contact the city for reimbursement.

Attn: Marian

Please reimburse us for the following invoice. On 7/28 we were leaving our customers location and were on a city street and had to be towed as a result of the street collapsing. Our customer is Longview Fibre, their address is 2832 N. 3rd St.. We had to be towed from a man hole at 3rd & Abert. As you can see we had to pay Homer's Towing Service a total of \$316.80. City personnel did come to the location and our driver was told to contact your office to have the towing expense reimbursed. If you have any questions, please call me at 319-227-6337 Thank you for your help.
