To the Public Works Committee

Subject: Common Council Resolution File Number 111284

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 111284, being a resolution to grant a special privilege to John E. Kelly to construct and maintain various items in the public right-of-way for the premises at 3129 North Bremen Street.

The applicant is requesting permission to construct and maintain a cafe enclosure, which consists of a wood structure supported by the building on one side and wood columns on the other and topped with a corrugated plastic roof, in the bicycle and pedestrian right-of-way to the west and south of the subject premises. The café enclosure has walls of plastic and canvas supported by a metal frame attached to the wood structure. A site visit revealed the presence of two sets of concrete steps, a storm enclosure at the main restaurant entrance, three picnic tables, two dumpsters and brick walkways within the public way.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works

Art Dahlberg
Commissioner
Department of Neighborhood Services
