There's all kind of stuff up in there. I let her testify, but I'm understanding there's condoms all out there and stuff. We don't need that. I don't have any children at home. But there are children in the neighborhood. But I'm - - I'm totally against it. The parking is terrible. There is nowhere for them to park. They don't know how to act. And expansion would just be detrimental to our neighborhood, and for us that are homeowners, it ain't right. You know, he talking about what he invest. What about what we invest? You know. What about what we working for? You know, he leaves that bar and he go to his home. And there ain't no bar at his home. But I got to deal with this every night. Why do we as homeowners have to deal with that? 160 - - And - - And since, and I'm assuming that's when he went to the 160, is when all this mess
