Alderman Robert Puente
9th Aldermanic District
City Hall, Room 205
200 East Wells Street
Milwaukee, WI 53202

Dear Sir:

As an interested party, I am writing you regarding the rezoning of the Adult Video Store on 91st and Brown Deer Road. I am opposed to the rezoning. I work for Day Care Services for Children, Inc., and we operate a child care and Head Start Center at 8842 N. Swan Road (91st Street).

Since we opened our Center in 1997 we have experienced the changes in the Community and the efforts by individuals and businesses to improve the quality of life issues with the residents of the neighborhood. An adult Video Store does not contribute to those efforts and is not compatible with other businesses such as ours.

It is also very troublesome to know that the owner has broken the law by selling adult videos in violation of the original zoning permit. The property in general is not well kept. There appears to be very little effort or interest to keep the building and property looking good.

Crime has also been problematic at this site. Though that is not the owner's fault, his business may be attracting people who are inclined to commit crime.

Thank you for your attention and efforts on behalf of our families and our business.

Cordially,

Maureen Jackson-Burnett
Program Administrator
