UPON CONDITION

- 1. That said Facilities shall be maintained and kept in good order and condition by the City.
- 2. That in and during whatever construction, reconstruction, enlargement or repair work is or becomes necessary in constructing and/or maintaining of said Facilities, so much of the surface or subsurface of the property as may be disturbed, will at the expense of the City be replaced in substantially the same condition as it was prior to such disturbance; except that the City will in no case be responsible for replacing or paying for replacing any aesthetic plantings or improvements other than ordinary lawns or standard walks, roadways, driveways and parking lot surfacing which were required to be removed in the course of doing the above work. However, the City shall save harmless the Grantor from any loss, damage, injury or liability resulting from negligence on the part of the City in connection with said work involved in constructing and/or maintaining of said Facilities; provided that if above loss, damage, injury or liability results from the joint negligence of parties hereto, then the liability therefore shall be borne by them in proportion to their respective degree of negligence; provided further, however, that these provisions are subject to the legal defenses which under law the City is entitled to raise.
- 3. That no structure may be placed within the limits of the easement by the Grantor except that improvements such as walks, pavements for driveways and parking lot surfacing may be constructed.
- 4. That, in connection with the construction by the Grantor of any structure or building abutting said easement defined limits, the Grantor will assume all liability for any damage to the Facilities in the above described property. The Grantor will also save and keep the City clear and harmless from any claims for personal injuries or property damage caused by any negligence of the Grantor or person other than the Grantor, arising out of the construction by the Grantor of any structure or building abutting the said easement defined limits, and shall reimburse the City for the full amount of such loss or damage.
- 5. That no charges will be made against said lands for the cost of maintenance or operation of said Facilities in the afore-described property. Whenever the Grantor makes application for a service connection, the regular and customary service connection charge in effect at the time of the application shall be charged and paid.
- 6. All conditions pertaining to the "Maintenance of Water Service Piping" as set forth in Chapter 3.3.0 of the "Rules and Regulations Governing Water Service" dated 1985 and subsequent amendments thereto shall apply to all water services which are within the easement defined limits and also within the limits of any adjoining easements; except that the City of Milwaukee Water Works, a utility owned by the City of Milwaukee shall in no case be responsible for maintaining at its expense any portion of said water services outside of the easement defined limits and outside the limits of any adjoining easements regardless of any statement to the contrary in said "Rules and Regulations Governing Water Service".
- 7. The Facilities shall be accessible for maintenance at all times. The owner shall submit plans for approval to the City for any underground installation within the easement.
- 8. That the Grantor shall submit plans for all surface alterations of plus or minus 1 foot or greater within the limits of said easement. Said alterations shall be made only with the approval of the Commissioner of Public Works of the City of Milwaukee.
- 9. It is understood that in the event the above described Real Estate may become portions of public streets; in which event, in the proceedings for the acquisition of the property needed for such streets by purchase, dedication or by condemnation, said lands shall be considered the same as though this easement had not been executed or any rights granted thereby exercised.
- 10. That the attached EASEMENT AGREEMENT is expressly subject to and conditioned by terms and conditions of a certain WATER AGREEMENT by and between the "CITY" and the CITY OF MILWAUKEE WATER WORKS and executed on the 8th day of October, 1973 said WATER AGREEMENT being incorporated herein by this reference thereto.
- 11. The "Grantor" by execution of this EASEMENT AGREEMENT, hereby consents to the assignment of this easement from the "CITY" to the CITY OF MILWAUKEE for the purposes and for the considerations expressed in this document upon the written consent of the officers of the "CITY" and upon a passage of a resolution by the Common Council of the "CITY" granting said assignment to the CITY OF MILWAUKEE.
