

FILE NO. 01-V-83

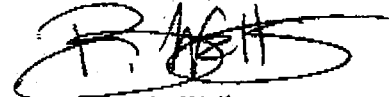

To Whom It May Concern:

On the 15th of March, I received a letter stating that my claim against the city of Milwaukee was denied. Everything I stated in the letter I submitted was true. I carefully read the letter I received regarding the case (01-v-83). A lot of false and untrue statements were in this letter. First, I was right across the street when the collision occurred. I heard the accident, then I turned around by reaction to see what happened. The plow truck was right by my car when I heard the noise. My car was damaged right after that. So I know for sure what caused the damage. The plow truck hit the back corner, which caused the bumper to be smashed in and also some damage to the side panel.

Second of all, my car DID NOT, and I know for sure it DID NOT HAVE BLUE PAINT TRANSFER ON IT. As a matter of fact, pictures were taken at the city plow lot to justify the truth and for evidence. So if you could please review the pictures I would REALLY APPRECIATE it. The gentleman at the tow lot agreed that the city would be liable for my car damages.

I AM STRONGLY REQUESTING A HEARING in regard to my damaged car. I fell that this is very and truly unfair that I had to witness the whole thing from across the street, which is a couple of feet away. It was very unfair that I received a letter stating FALSE information saying I have no evidence. I was outside when it happened, I have a damaged car, and I have pictures to back it up. What else besides cameras on my car do I have to have? I am really bothered by the fact that you want me to take a loss because of the city's fault? I still know and I know for sure the city is 100% liable for my car.

THANK YOU,

Brandon L. Walls

CITY OF MILWAUKEE
RECEIVED

To Whom It May Concern:

On the night of Friday December 22, 2000 around 11:15p.m. My parked vehicle was hit by the city's plow and salt truck. The back left corner of my car and bumper was damaged. At the current time my car which is a white 1988 Buick Park Ave was directly in front of my home. The address is 4168 N 51 BLVD, Milwaukee WI 53216. I was located across the street helping someone back to their vechile. While she was in her car I was standing outside of her car talking to her from the window when I heard the plow truck strike my vechile. The driver of the truck proceeded to travel northbound after striking my car. I quickly ran ~~across~~ across the street to see what the damages were. Next I told her to follow the plow truck. We followed the plow truck down the block trying everything possible to get the driver's attention. We couldn't get him to stop but we wrote down the numbers located on the truck. (Vehicle No. 30125)

I went home right away and called the police to report the accident. The police officer, (Officer Kane phone number 935 - 7272) came to my home questioned me and looked at the vechile. He told me what actions I needed to do next and said he'll write up a police report. The following weeks I called and called but I was getting the "run around" I finally took my vechile down to Milwaukee City's Plow lot. I spoke with a gentleman who took pictures of my vechile and I was then told to file a claim. I have enclosed two estimates that should cover the cost of my vechile and also this statement.

Thank you

Brandon Walls
