

# How do we compare?

Source: Illinois DOT

# Cost of Driving in Wisconsin

## State Transportation User Fees Per Mile near 25-year Low

(costing approximately \$40,000). We also calculated registration fees for cars that were new and three, six, and nine years old. Wisconsin's fee of \$40 for passenger vehicle registrations regardless of age, value, or weight is the second-lowest fee for all vehicles less than six years old. However, when vehicles reach nine years of age, Wisconsin's registration fees are generally higher than or comparable to those of five of the six other states. Only Illinois' flat fee of \$48 is consistently higher than Wisconsin's.

Table 36

State Taxes and Fees on Selected Automobile Registrations  
June 1996

Year and Type	Minnesota	Indiana*	Iowa	Michigan	Illinois	Wisconsin	Ohio
1996							
Economy	\$166	\$163	\$134	\$ 62	\$48	\$40	\$22
Mid-size	268	263	217	108	48	40	22
Luxury	547	545	445	220	48	40	22
1993
