Re: doc.wi.gov Act185

I have attended most of the meetings regarding the proposed Youth Facility for the worst juvenile offenders. My main concern is for the public living and working in this area. At one of the meetings it was stated there would be a need for 88 security guards to be hired. Multiple employers in all walks of life are finding it difficult to hire qualified employees. My fear is that the facility will not be adequately staffed to guarantee our safety against these dangerous juveniles. Some have committed murder!

I am definitely opposed to the building of the facility at this location. #5 listed as a requirement for this facility to be built says that the DOA approval 2021 Act 252 “mandated that the DOA may not approve plans for constructing a new type of facility without community support for site selection.” At ALL of the meetings I attended (either physically or virtually) it seemed there was much more opposition than acceptance from the public.
