Honorable Michael J. Murphy  
Alderman, 10th Aldermanic District  
Room 205, City Hall

SUBJECT: 10TH ALD. DIST. - FILE #230949  
INSTALL YIELD SIGN ON WEST MAIN STREET  
AT SOUTH OAK PARK COURT

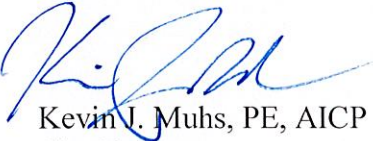

Dear Alderman Murphy:

This is in response to a request our office received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southwest corner of the intersection in the form of a hill that reduces the safe approach speed and thereby warrants the above-captioned traffic control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

  
Kevin J. Muhs, PE, AICP

SUBJECT: 10TH ALD. DIST. - FILE #230949  
INSTALL YIELD SIGN ON WEST TOWNSEND STREET  
AT NORTH 54TH STREET

Dear Alderman Murphy:

This is in response to a request our office received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that sight obstructions exist on the northwest and southwest corners of the intersection in the form of a bush and houses that reduce the safe approach speed and thereby warrant the above-captioned traffic control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP

SUBJECT: 5TH ALD. DIST. - FILE #230949  
INSTALL STOP SIGN ON WEST KAUL AVENUE  
AT NORTH 112TH STREET

Dear Alderman Westmoreland:

This is in response to a request our office received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that sight obstructions exist on the northeast and northwest corners of the intersection in the form of bushes and trees that reduce the safe approach speed and thereby warrant the above-captioned traffic control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP

SUBJECT: 9TH ALD. DIST. - FILE #230949  
INSTALL YIELD SIGN ON NORTH 95TH STREET  
AT WEST RIO STREET NORTHWEST BOUND

Dear Alderswoman Taylor:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the northeast corner of the intersection in the form of a bush that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP
