Dear City Clerk

RONALD L. LEONHARDT  
CITY CLERK

On July 2003 my car was towed by road service. It was a private parking ticket on it. My car was parked outside my home at 4565 N. 29<sup>th</sup> where I was leased to so a private parking ticket was illegal. The police officer did not leave the ticket on for 24 hr. at 4565 N 29<sup>th</sup>. he towed it that ended to a lot at 200 E 25<sup>th</sup>. I went down to this lot where my car was towed, with a copy of my drivers license, a lease and certificate for road service to tow my car back to 4565 N 29<sup>th</sup> they said no that I owe them for the tow. I told them I did not ask them for the tow and the tow had put my car out of my consent. They told me that the tow had towed it. I told them that the landlord could not do this legal then they destroy my car. It was a 1989 Mazda that had proper stickers, plates and over weight stickers on it. It cost me \$15000. My stickers just expire in June 2004. I want

to make a claim for this amount to  
Road Service for destroying my property.
