RE: Request Cancellation for Emergency Communications Systems Administrator Job Posting

Dear Commissioners:

Under FPC Rule XI, Section (10), the Board may promote a qualified non-sworn employee to a vacant non-sworn position, with or without examination, when their experience and familiarity with the work make such a promotion in the best interests of the service and the efficiency of the department. In accordance with this provision, I respectfully request that the Commission cancel the current posting for the Emergency Communications Systems Administrator position.

This role is critical to the stability and performance of the Computer Aided Dispatch (CAD) system, including system configuration, user access management, and the development of workflows that ensure operational reliability and compliance.

The Department of Employee Relations has confirmed that both candidates meet the qualifications for promotion to this position.

Respectfully,

A handwritten signature in cursive script that reads "Tony Bueno".
