To the City Attorney:

3:15 AM/PM

I'm writing this letter because I received your response to my claim for the damages to my Jeep. I had an idea that nothing was going to come of it. But your driver did damage my Jeep. And I don't know how you say you did a thorough investigation of the accident when no one came to talk with me or my witness, but one thing is for sure I really don't understand how you guys would be denying that. I'll be just fine just wanted you to take some type of action. Being honest is sometimes not the best policy, so you have a great day. To whom every thing might concern, Oh and by the way, my name is Audrey Weeks not Audrey Weeks

To Whom it may Concern:

I'm Writing to let you all know that on 2/6/18 at around 3 in the morning, one of your salt trucks ran into my Jeep. I was sleeping and I heard the impact of the hit so I jumped out of bed and you'll say the truck driving away. I didn't have time to get the number or anything by the time I got to the door he was driving away. My Neighbor also heard and seen the truck when it hit. It messed the front drivers side up. Knock my light out with a lots of damage. I would like for the driver to own up to his responsibility for his actions. I think its unfair for me to not have this person reprimanded for his actions. My jeep is really damaged badly.
