Dear Committee Members,

This is an email I sent to Alderman Bauman and he suggested I forward to the License Committee which is what I am doing. I believe there two more members of the Committee Alderman Lewis and Rainey however, there do not have an email address. My thoughts in this letter I'm sure come as not surprise to you with the exception sexual acts are being done right in certain clubs, I'm not all them but are there some. As well I'm sure the Milwaukee Police Department is well aware of the connection that Strip Clubs play in Prostitution and Drug distribution.

I hope my thoughts and first hand experiences are of help to you. As always, as a citizen of Milwaukee I would happy to help in any way.

Dear Mr. Bauman,

First let me thank you for taking a stand against a strip club in downtown Milwaukee. I support the right of people to pursue entertainment of their choice and there are strip clubs that they can go to, however, there is no reason for a club to locate downtown.

As a younger man I spent nearly ten years on the Milwaukee Police Department under Chief Brier including one year in the Vice Squad. In those years the Vice Squad was centrally located in the Police Administration Building. While in the Vice Squad I was involved in both prostitution and drug enforcement.

I left Law Enforcement and had a very successful business career. I can tell you with absolute certainty that all strip clubs are a conduit for prostitution and drugs. In fact there are clubs in Milwaukee where you can have sex with women for money right inside the club, I know that because I have personally done it. Drug Dealers use prostitutes all time to help them sell their drugs.

In my life I have travelled frequently to nearly every city in America over 100,000 people and if I wanted to find a prostitute and drugs I would turn to a strip club and Milwaukee is no different. I don't care if the club claims to be a high class entertainment location and they don't tolerate that kind of behavior. One of the highest end clubs in the US is a place called Scores in Manhattan. I gave the doorman \$100.00 before even entering into the club and he helped me get what I wanted which was cocaine and a woman to spend time with. Every time I went to New York which was frequently I would go to Scores and Sonny would take care of me. There are women that will gladly come to your home or apartment and perform whatever you want for the right price. The only difference between Rick's On State and Silk Exotic is the price you have to pay for what you want. These so called Gentlemen's Clubs are no exception. The people that own these clubs and low life's like Pimps and Drug Dealers do nothing more than exploit women for profit. They know that women are the key to getting to men with money. I can go into any strip club in Milwaukee County and find willing women to come to my house for sex and if they don't use drugs they can, and will help me find what I want. Again, I am speaking from first hand experience.

I'm not proud of what I have done in the past, but it's exactly that, the past. As the Common Council deliberates this issue please understand that putting a strip club in downtown Milwaukee is allowing Prostitution and Drug Dealing to flourish in the downtown area. I would be happy to discuss my personal experiences should you or the other members of the Common Council find it useful. My life today is very different from my past, I no longer use any drugs and rarely drink.

Thank you very much and let's keep Milwaukee moving in the right direction.

James Parnau
