Total Spend: \$13,387,631.91

Total Funding Sources: 9

Current Initiatives

1. Detoxification Services Redesign and RFP – July 2022
2. SAMHSA grant pending to develop a facility to capably meet the needs of individuals with mental illness and addiction issues
3. Focus on unmet needs for individuals with high utilization of detoxification services
4. Expanding employment services for individuals with substance use disorders
5. Increase of bridge housing capacity
6. Increase of residential treatment capacity
7. Community scan by Public Policy Forum
8. Wide distribution of harm reduction supplies

Possible Next Steps and Investments

1. Hiring of a Project Manager to oversee the implementation of the variety of initiatives aimed at reducing opioid-related deaths in our community
2. Strategic Nalox Box distribution and/or Harm Reduction vending machines
3. Partnership with the City of Milwaukee – distribution of Hope Bags
4. Continuation of “MAT Behind the Walls” project
5. Sobering Center specifically for opioid withdrawal
6. Increased investment in social determinants of health: housing, employment, peer specialists
7. Increased investment in prevention activities via partnerships with community-based and grass roots organizations
8. Start up investments to increase residential treatment capacity in our community
