

## MOTION

**Motion by Ald. Murphy regarding Common Council File Number 070345, a substitute ordinance relating to fire and police commission members attending training related to the missions of the fire department and the police department.**

Public Safety Committee Agenda, Item #4

I move to offer a Proposed Substitute to Common Council File Number 070345.

The Proposed Substitute differs substantially from Substitute 1 in that it requires each newly appointed commissioner to register for training within 6 months of the date of confirmation of their appointment by the Common Council, and to complete said training within 12 months of the date of their confirmation by the council.

Fire Department training shall include such training or ride along programs as may be recommended by the fire chief. Persons who have professional experience as a firefighter are exempt from the fire training requirement.

Police Department training shall include attending both the Milwaukee police citizen academy and participating in the Police Department's ride along program. Persons who have professional experience as a law enforcement officer are exempt from the police training requirement.

The commission shall submit an annual report to the common council of training taken by fire and police commission members.
