Dear Grant F Langley,

SUBJECT: CLAIM FOR STREET SIGN THAT FELL ON VEHICLE.

I am writing you this letter to appeal the denying of my claim for the damage to the 2002 Dodge Intrepid at 112 N 75th Street in Milwaukee County. The street sign and its stability are not the responsibility of myself to check, I would think that the city would have some sort of preventative maintenance that keeps the signs from creating a possible hazard situation such as this one.

You claim that the city is not responsible for the damage to my car, but it was your street sign that caused the damage to my car. Does your denial of responsibility mean that I have to check each and every sign I park next to so that I do not have this happen again. You claim that the sign was "snapped of at the base" but my neighbor stated to me that the welds were bad on the base of the original sign; he is a welder as part of his career. His statement was included in the original claim.

The letter I received stated that I had 21 days from the date on the letter but the letter date was August 30 and the date on the envelope was September 6 and I did not receive this letter until September 10. I have included a copy of the envelope for proof of dates for my appeal.

I hope that you will reconsider your denial and we can reach some sort of amicable resolution to this issue.

Sincerely,

Paul M Gorzalski

To Whom It May Concern:

SUBJECT: CLAIM FOR STREET SIGN THAT FELL ON VEHICLE.

On Sunday June 19, 2005 I had my 2002 Dodge Intrepid parked in front of my parents house at

112 N 75th St. the car was parked just slightly in front of the walkway to street. I was in the house cooking dinner when the neighbor, Shad Miller came and knocked on the door asking if I owned a blue Intrepid. I informed him that I did and he said that a street sign had fallen on the hood of my car. We walked out to the front and the "No Parking during school hours" sign had fallen and was laying on the hood of my car.

I removed the sign and called the city first thing Monday morning to notify them of the fallen sign and find out about filing a claim for the damage. The sign appeared that welds that held the sign to the base had broken loose. I called and that morning before I got back to my parents, the sign was already repaired.

The damage included a dent and two scrapes on the center of the hood, I have included two estimates from the dealerships and a statement from the neighbor that heard and saw the sign on the hood of the Intrepid.

Any questions feel free to contact me at 414-507-5407. Thank You in advance for your assistance in the manner

Sincerely,

Paul M Gorzalski
