

June 8, 2005

To the Honorable, the Common Council

Dear Council Members:

The attached resolution authorizes the Department of Public Works, Infrastructure Services Division to apply for, accept and fund an Erosion Control Information and Training Program grant in the amount of \$50,000 from the Great Lakes Commission. This grant will provide funding to the City for developing an informational and training program regarding sedimentation and erosion control during construction.

The resolution will also authorize the proper City officers to execute a letter of agreement between the City of Milwaukee and the Great Lakes Commission. The letter outlines the scope of services, project deliverables, invoicing and other details necessary to coordinate the activities of the grant projects.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, PE  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
