Dear Ald. Zielinski:

I have lived my whole life in Bay View. I really like where I live because it is quiet and a beautiful neighborhood. I would like to keep my neighborhood from being over-developed. There is a great deal of development taking place on KK Ave; we do NOT need any development in our residential areas.

I like taking my dog to the open area where the Army Base once stood. I live only a block away. I would love to keep this area as greenspace. That is something the people in this area truly enjoy.

Please let my wishes be known to the Zoning, Development and Neighborhood Committee that I am very OPPOSED to any development on this land.

Thank you.

Sincerely,

Eliza Borysenko

Dear Ald. Zielinski,

I have been a resident of Bay View for many years. I live 2 blocks away from the area that used to house the Army Base. There is talk of this area being developed.

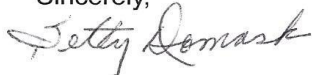

I want you to know that I am opposed to any development on this piece of land. I want to keep this area as greenspace. It would be very nice to have a park there.

I feel that Bay View is being over-developed and I am concerned that we are going to have our neighborhood destroyed because of so much development.

The taxpayers who live here should be the ones to determine what happens in their neighborhood.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Betty Domask".

Dear Ald.Zielinski:

I am writing to inform you that as a life-long resident of Bay View, I am completely opposed to development on the area where the Army Base was previously. I live a block away from this area. I do NOT want to see buildings erected on this land but would very much like to see this area become parkland for our neighborhood. There is not any parkland in this area. There is only land that is utilized for sports.

Bay View is being overdeveloped and I do not want to see more development. This will bring congestion and will ruin our quiet neighborhood. Please leave this area as greenspace. All of my neighbors are also opposed to it being used as anything but greenspace.

Thank you.

Robert Sam
