2014 Audi A4 Sedan Premium , My son purchased this car Oct 2016 as a CPO car from Audi after he graduated college. At purchase the miles were 31388 , today the miles on the car are 81238. The audi is no longer under the CPO warranty. The well taken care of either by myself or the Audi dealer. When the car had 33805 miles the car went into Audi for a engine cot REPLACED the engine under Audi warranty at 33805 miles. The car runs and drives well. We just did a oil change 1/5/2020 filter . New tires were installed 3/8/2019. A few of the rims have small type road rash but minor. Rear bumper had small der bought it and you may be able to see in pics, rear bumper toward passenger side. The audi has had several recalls and they done at the local Auto Dealer. Audi has full set of books and two audi keys. There is a small stack of work orders on the car owner and also from us. Really a nice Audi A4 Sedan. Would not hesitate to drive cross country. This A4 is front wheel drive automatic, heated front seats, interior still in nice shape, sunroof, power seats front , bluetooth, satellite, cd , iPod connector

Audi is currently financed so buyer would get title after note is paid. No trades, no warranty expressed or implied, no financi inspect prior to bidding. Local Audi dealer is Audi of Henderson if you want a PPI done. There is a very small ding over rear plastic cover on the motor is in place but the nipples to hold it are gone. Pretty sure this happen at dealer but could not provi at the dealer they said front brake pads will be needed probably later this year. My son just purchased a Toyota 4 Runner so to go . Ill add more pictures if I can. If you need to see other areas of the car feel free to contact me and Ill send you whatev \$500 non refundable deposit required at the time your bid accepted.
