

Department of Public Works

**Mariano A. Schifalacqua**  
Commissioner of Public Works

**James P. Purko**  
Director of Operations

February 25, 2004

To the Honorable, the Common Council

Dear Honorable Members:

We are submitting for your consideration the attached resolution authorizing the Commissioner of Public Works to install fiber in the City of Milwaukee underground conduit system at the expense of and for the use and benefit of the Milwaukee Area Technical College (MATC), WMVS/WMVT, Channels 10 & 36. This installation will facilitate connectivity of MATC and WMVS/WMVT to the Department of Transportation traffic safety related information and freeway camera transmissions for the purpose of developing travel television programming. The installation would also provide the capability to connect MATC to the University of Wisconsin (UWM) and Internet 2.

Please have this file introduced at the March 2, 2004 Common Council meeting. If you have any questions or would like any additional information, please contact Gerard Froh at extension 3547.

Very truly yours,

  
Mariano A. Schifalacqua  
Commissioner of Public Works
