Subject: Comptroller 53206 Request
Attachments: City of Milwaukee Spending by Zip Code by Year 2016-2020 .pdf

Good Afternoon,

The attached data is provided as follow up to the Comptroller's presentation at the June 22, 2020 Steering and Rules Committee meeting in relation to file 190494 and the 53206 initiative . The data provided is a summary of payments for services, equipment, and inventory to various zip codes in the City of Milwaukee for the period of January 1, 2016 through May 14, 2020 that Alderman Rainey requested during our presentation.

Please be aware that some zip codes are specifically used by the United States Postal Service for PO boxes and these are labeled as such in the document. These zips codes do not necessarily correlate to a specific geographic area, as would zip codes 53201-53234.

Please do not hesitate to reach out to me should you have further questions.

Have a safe and pleasant holiday weekend.

Respectfully,
Aycha

Aycha Sawa, CPA, CIA
