To the Public Works Committee

Subject: Common Council Resolution File Number 060854

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 060854, which grants a special privilege to Pinkey's Capital Auto Body Corporation for four excess door swings in the public right-of-way for the premises at 120 West Melvina Street.

The applicant is in the process of constructing a new automotive repair facility. As part of the new construction, the applicant is requesting permission to construct and maintain four door swings that will, when fully open, project 3 feet into the public right-of-way, in excess of the 12 inches allowed under Section 245-4-8 of the Milwaukee Code of Ordinances. One of the doors will project into the east sidewalk area of North 2<sup>nd</sup> Street, another into the north sidewalk area of West Melvina Street. The third and fourth doors will project into west side of the north-south alley abutting the property.

We are not aware that the presence of said door swings will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said door swings to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works

Martin G. Collins  
Commissioner  
Department of Neighborhood Services
