

November 8, 2005

To the Honorable, the Common Council

Subject: 2006 Capital Improvements Program  
Infrastructure Services Division  
Federal/State Aid Project  
North 91<sup>st</sup> Street  
West Flagg Avenue to West Mill Road

Dear Council Members:

The 2006 Capital Improvement Program includes the improvement of North 91<sup>st</sup> Street from West Flagg Avenue to West Mill Road under the Surface Transportation Program. The Federal Program provides cost participation for the improvement to traffic control devices in conjunction with the highway paving.

Eighty percent of the total cost will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, \$13,416.87, will be provided through the Division's 2006 Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes and directs the Commissioner of Public Works to execute a Local Forces Account – Local contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement of North 91<sup>st</sup> Street from West Flagg Avenue to West Mill Road in the 2<sup>nd</sup>, 7<sup>th</sup>, and 9<sup>th</sup> Aldermanic Districts.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
