To whom it may concern: In accordance with Wis. Stat. § 893.80(1), let it be known that this is a filing of a claim against the city of Milwaukee for negligence pertaining to the facts listed below.

On October 31, 2014, at approximately 11:30 a.m., I was involved in a car accident for which the city of Milwaukee is liable due to its negligence. On and prior to this date, the city of Milwaukee negligently maintained a stop sign at the intersection of North Cramer Street and East Thomas Avenue such that the stop sign on North Cramer Street for cars travelling northbound on Cramer Street was not pointing southbound to instruct drivers to stop at the intersection of Thomas Avenue; rather, the stop sign was facing eastbound on Thomas Avenue, such that any cars travelling northbound on Cramer could not see that they had a stop sign at the intersection of Thomas Avenue pertaining to their vehicle. As a result of this negligence on the part of the city of Milwaukee, I struck a vehicle that was travelling eastbound on Thomas as I was driving northbound on Cramer. The incident occurred as follows:

- As I was travelling northbound on Cramer Street I approached the intersection with Thomas Avenue and did not see the stop sign intended for cars travelling northbound on Cramer because it was turned and instead of facing in my direction, it was facing eastbound on Thomas Avenue.
- As a result of not being able to see that I had a stop sign, I continued into the intersection, and, a car travelling on Thomas Avenue going eastbound also entered the intersection as that vehicle also did not have a stop sign. This resulted in my vehicle hitting the other vehicle in its passenger side door.
- The fire department and police departments were both called to the scene (where there were no injuries, just vehicular damage), and the firemen on the scene all witnessed the stop sign facing the wrong direction, and then they manually fixed the stop sign to face the appropriate direction. The police officer that responded also noted in his report that the stop sign was not facing the proper direction.
- I took pictures of the stop sign prior to the fire department fixing the stop sign, showing that it was impossible for anyone travelling north on Cramer Street to know that they had a stop sign at the intersection of Thomas Avenue. That picture is attached to this claim filing.

After the wreck, I was only able to sell my vehicle to a junk car dealer in the amount of \$700.00 as shown by the receipt enclosed with this notice. The Kelly Blue Book trade-in value of my vehicle before the accident ranged from \$2,830 to \$4,449 with a median of \$3,829.00 as shown by the quote enclosed with this notice. Using the median value and deducting the price for which I sold the vehicle, the remaining value of the vehicle lost to me because of the city of Milwaukee's negligence is \$3,129.00. That is the amount that I am requesting in reimbursement by the city of Milwaukee per this notice.

This filing is intended to give notice to the city of Milwaukee that I am making a claim against the city of Milwaukee for the amount shown of \$3,129.00 (the Kelly Blue Book value of my vehicle immediately prior to the accident, minus the resale price of my vehicle after the accident) as shown by the two receipts enclosed, per the requirements of Wis. Stat. § 893.80.

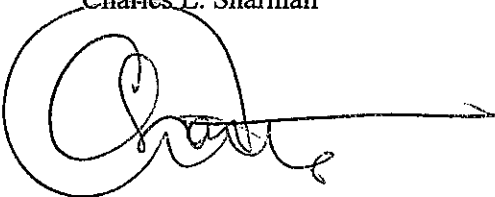

My address is 2424 E. Webster Place, Apartment 103, Milwaukee, Wisconsin, 53211.

My telephone number is (832) 723 - 4949, and my email address is clshar14@gmail.com.

Thank you for your attention to this matter, and I look forward to your prompt response.

Sincerely,

Charles L. Sharman
