

LRB – FISCAL REVIEW SECTION ANALYSIS

**NOVEMBER 13, 2003 AGENDA
PUBLIC SAFETY COMMITTEE**

**ITEM 5, FILE 030982
Emma J. Stamps**

File No. 030982 is a resolution approving a service agreement between the City of Milwaukee and Advanced Circulatory Systems, Incorporated. (MFD)

Background and Discussion

1. In firefighting and emergency medical response, the Milwaukee Fire Department applies cardiopulmonary resuscitation (CPR) to persons requiring that type of life saving maneuver.
2. The Fire Department is participating in a clinical research study with the Medical College of Wisconsin in the City of Milwaukee by collecting data arising from City's use of the ResQPod™, a proprietary project of ASCI.
3. This resolution approves a one-year service agreement between the City of Milwaukee and Advanced Circulatory Systems, Inc. (ASCI), Eden Prairie, MN.
4. The City Attorney and Fire Department have reviewed the service agreement.
5. ASCI is a company that researches, develops and markets innovative therapies for use in cardiopulmonary resuscitation and in the treatment of shock.
6. By the 30th of each month, the Fire Department may receive monthly grants of \$2,500 from ASCI, contingent upon timely submission of the preceding month's service report from the Milwaukee Fire Department.

Fiscal Impact

ASCI would provide a grant up to \$30,000 to the Fire Department in exchange for the services it receives from the City. This grant was not included in the list of grants anticipated in the 2003 or 2004 Milwaukee Fire Department annual budgets.
