Hello,

I'm a resident of Milwaukee and want to strongly voice my opposition to the proposal for a data center on North 60th Street. I will not be able to attend the public hearing on Monday, May 18th, but I wanted to share that the construction of a data center will have detrimental impacts on the residents of the neighborhood of proposed construction, including significant increases in noise and air pollution. Please do not turn your backs on the public and sell out the residents of Milwaukee for a few extra tax dollars from tech companies. The health and safety of the people should come first.

Thanks,  
Ann Marie Metzendorf
