INSTALL ALL-WAY STOP ON WEST MITCHELL STREET
AND SOUTH 32ND STREET

Dear Alderman Donovan:

This is in response to your request on behalf of Carmen High School and local residents to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the intersection has not met the warrants to install the requested all-way stop control at the intersection of West Mitchell Street and South 32nd Street. However, in compliance with your request, legislation will be prepared for consideration at the next Public Safety Committee meeting.

Very truly yours,

Jeffrey S. Polenske, P.E.

Honorable Willie C Wade
Alderman, 7th Aldermanic District
Room 205, City Hall

SUBJECT: 7th ALD. DIST. - FILE #150256
INSTALL ALL-WAY STOP ON WEST VIENNA AVENUE AND
NORTH 58TH BOULEVARD

REMOVE STOP SIGNS ON WEST VIENNA AVENUE AT
NORTH 58TH BOULEVARD

Dear Alderman Wade:

During the resigning of the traffic control signs in conjunction with the past repaving project on North 58th Boulevard between West Keefe Avenue and West Capitol Drive, yield signs were mistakenly installed on North 58th Street at West Vienna Avenue. Thereby making this intersection controlled by a north/south yield control and an east/west stop control for approximately 30 day until this was discovered by a City sign crew. Therefore, since this intersection was controlled this way for nearly 30 day and in the interest of public safety, we recommend the installation of an all-way stop control at the intersection of West Vienna Avenue and North 58th Street.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

SUBJECT: 14th ALD. DIST. - FILE #150256
INSTALL STOP SIGNS ON SOUTH TAYLOR AVENUE
AT EAST EUCLID AVENUE

Dear Alderman Zielinski:

This is in response to your request on behalf of local residents to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southwest corner of the intersection in the form of a pine tree that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.
