5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

We propose to remodel an existing house by replacing an existing sunroom with a new sunroom with a walk-out porch accessible from the second floor. We will also be replacing an existing deck and railing with a new deck and railing. The railing on these two items shall be a delicate wrought iron design. A photo of which is included with this submission. These items will be constructed upon the existing foundations. In addition to these two items we will be replacing the roofing and fascia on an existing kitchen bay to be more congruent with the architecture of the home.

Saturday, September

Dear sirs / madams,

I have been working with Paul over the past several weeks to bring this project into line with what the commission would like to see. I hope that you are pleased with the design! I am including the following information in addition to that on the previous page per our conversations. This property is located in the North Lake Drive historic district. The owners have experienced condensation problems associated with the existing glass roof, amount of glazing and age / deterioration of materials. They are looking to have a more permanent structure, one they are able to enjoy year round instead of only in the more temperate weather.

Thank-you so much for your consideration.
