RE: C.I. File No. 1029-2013-1181

NOTICE OF APPEAL

NOW COMES, STEPHEN DYE. herein known as the Appellant by and through himself Pro Se, in the above-reference cause detailed below and state the following facts in support of this Appeal.

1). Nature of Appeal

On July 10, 2013, Appellant received a written communication from the Office of the City Attorney to deny his Claim Docketed as C.I. File No. 1029-2013-1181, citing 2011 Wisconsin Act 132. (See EX.A). 2011 Wisconsin Act 132 (See EX.A2).

2) Appellant contends Wisconsin Act 132 is inapplicable to the subject matter that form the basis of his fact-specific complaint that "potholes" were the direct cause of the damage to his vehicle.

3) The language in Wisconsin Act 132 does not identify "pot holes" as a condition to relieve the municipalities of its liability to pay the cost of the damage incurred as a direct result of "pot holes".

4). Appellant contends the Office of the City Attorney of Milwaukee has abused its authority to implement its will rather than its judgement to misconstrue the plain language set forth in Wisconsin Act 132 to deny his Claim. Snow nor Ice contributed to the damage of his vehicle on March 11, 2013.

5). Appellant respectfully request that the denial of his Claim is without sufficient legal foundation and therefore invalid under current law.

CONCLUSION

6). Based upon the above argument, Appellant seek a hearing on the merits of his Claim.

VERIFICATION

7). Appellant herein state that all the facts herein are true to the best of his knowledge and belief.

NOTICE OF CLAIM

NOW COMES, STEPHEN DYE, herein known as the Claimant by and through himself Pro Se, in the above cause detailed below and say the following in support of the Complaint.

1). NATURE OF THE CLAIM

Pursuant to Section 893.80(1), Wis.Stats., Claimant's Complaint has its basis in tort of negligents by the City Dept. of Public Works to provide the specific area on 19th Street between Scott Ave. and Greenfield Ave. a reasonably safe public pavement to accommodate vehicles, which are in full compliance to operate on city public streets.

2). JURISDICTION

The City of Milwaukee agency responsible for street repairs has jurisdiction in this matter s.801.11.

3). FACT ALLEGATIONS

On March 11, 2013, at approximately 3:00p.m., Claimant drove his vehicle down South 19th Street, upon crossing Scott Ave., going South toward Greenfield Ave., prior to reaching Greenfield Ave., Claimant's vehicle was subjected to a series of severe "pot holes". that caused extreme vibrations to the point of the disc player to skip the music playing and violently shook the body of the vehicle including steering wheel.

4). Upon reaching the stop sign at Greenfield Ave., Claimant made a

left turn in compliance with the law and notice the vehicle drifted to the right and a thumping noise could be heard within the interior coming from the underbody of the vehicle.

5). Claimant pulled to the right hand curb when it was safe to do to get out of the vehicle to see if the source of the thumping noise was visible. Claimant was unable to detect anything visibly wrong.

6). While driving home (1927 S. 19th St.), the thumping sound continued, as well as, vehicle drifting while turning corners.

7). On March 12, 2013, Claimant made an appointment with John Pauls' Dealership for a scheduled oil change, and unrelated maintenance. Hopefully, the 27 point inspection would detect the source of the problems as described in this Complaint.(see ex.#1).

8). On March 19, 2013, Claimant returned to John Paul's to replace the SWAY BAR that was discovered to be cracked resulting in the behavior Claimant first experienced on March 11, 2013, driving over the series of "POT HOLES" that initiated this Complaint.(see ex.#2).

REMEDY

9). Claimant seek reimbursement in full for the cost to replace the SWAY BAR damaged as a result of the City of Milwaukee negligence in failure to reasonably provide a safe driving road surface in the area at the location described in this Complaint.

VERIFICATION

10). Claimant herein state that all facts are true to the best of his knowledge and belief.

Re: PHOTO EVIDENCE IN SUPPORT OF CLAIMS.

On April 12, 2013, I personally submitted a Claim directly to you with regard to damage caused to my vehicle (broken sway bar) by "pot holes" located on 19th Street between Scott St. and Greenfield Ave. It is my request that the photos be attached to my original Complaint and given the consideration it deserves as amended evidence. Due to the recent filing, I have not received a case reference number.

Thank you for your time inclusion of the enclosed material in this matter.
