To the Public Improvements Committee

Subject: Common Council Resolution File Number 011140

Dear Honorable Members:

Return herewith is Common Council Resolution File Number 011140, being a request by Jerome Kahn, for special privilege to install, use and maintain an excessive door swing projection encroaching into the public right-of-way of West State Street, abutting the building at 1001 Old World 3rd Street.

The request is to install, use and maintain an excessive door swing encroachment, which is centered approximately 80-feet west of the westline of Old World 3rd Street and that projects, when fully open 1.5 feet into the north sidewalk area of West State Street. This is greater than the 12-inches allowable by Section 245-4-8 of the Milwaukee Code of Ordinances.

We are not aware of any adverse effects the door swing projection will have on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, that, if adopted, would allow the excess of the door swing in to the public right-of way.

Very truly yours,

Jeffrey S. Polenske, P. E.
