To the Public Works Committee

Subject: Common Council Resolution File Number 071371

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 071371, which grants a special privilege to Badger Mutual Properties LLC to install and maintain an underground communications conduit, underground electrical conduit and a security camera for the premises at 1635 West National Avenue.

Badger Mutual Properties LLC is requesting permission to construct and maintain an underground communications conduit to connect its two properties at 1630 West National Avenue and 1635 West National Avenue. The applicant is also requesting permission to construct and maintain an underground electrical conduit and a security camera. The security camera, which will transmit information wirelessly, is to be mounted to a traffic signal pole in the median of West National Avenue, west of South Cesar E. Chavez Drive. An underground electrical conduit will provide power to the camera from the premises at 1635 West National Avenue. It should be noted that the applicant has coordinated with the Department of Public Works' Traffic Section with regards to the placement of the camera and electrical conduit.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works

Martin G. Collins, Commissioner
Department of Neighborhood Services
