To the Public Works Committee

Subject: Common Council Resolution File Number 140466

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 140466, being a resolution to grant a special privilege to Audi Investments LLC to construct and maintain a wood platform with steps, concrete step, fence, and gas meter in the public right-of-way for the premises at 1438 West Hayes Avenue.

The applicant requested permission to construct and maintain a new wooden platform with steps in the east sidewalk area of South 15th Street. A site visit revealed the presence of a concrete entrance step, fence and gas meter in the public right-of-way. The circular step is located at the intersection of West Hayes Avenue and South 15th Street, while the fence and gas meter both project into South 15th Street. All of said items are located behind the main paved public sidewalk and, so; do not interfere with pedestrian traffic.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works

Art Dahlberg
Commissioner
Department of Neighborhood Services
