Dear Council Members:

The 1998-2001 Hazard Elimination Safety (HES) Program includes safety improvements of Cesar Chavez Drive and West Mitchell Street under a State/Municipal agreement with the Wisconsin Department of Transportation. The Hazard Elimination Safety (HES) program provides cost participation for the improvement of traffic control devices at locations having accident reducing potential.

We have, therefore, prepared the attached resolution which provides funding for the installation and/or modification of traffic control facilities in conjunction with the improvement of South Cesar Chavez Drive and West Mitchell Street in the 12th Aldermanic District.

Respectfully submitted,

Jeffrey S. Polenske, P.E.
