

November 3, 2005

To the Honorable, the Common Council

Subject: East North Avenue  
North Booth Street to  
North Bremen Street

Dear Council Members:

The improvement of East North Avenue from North Booth Street to North Bremen Street is included on the Department of Public Works Long-Range Street Program.

Common Council Resolution File Number 040032, adopted June 15, 2004 authorized the execution of a project agreement with the Wisconsin Department of Transportation (WISDOT) for preliminary engineering work which includes acquisition of real estate for the East North Avenue project.

After further plan revisions, the acquisition of new real estate for the project is no longer necessary. As such, we have requested and received a revised project agreement from the WISDOT in which they agree to transfer real estate monies to the construction phase of the project.

We have prepared and recommend adoption of the attached resolution authorizing and directing the Commissioner of Public Works to execute the revised project agreement.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
