Grant Application Date: N/A - Continuing

Anticipated Award Date: December 2006

Please provide the following information:

1. Description of Grant Program/Project (Include Target Locations and Populations):

These grant funds will be used to expand the scope of the Wisconsin Women's Cancer Control Program beyond its current focus of breast and cervical cancer screening to include health promotion and risk reduction for cardiovascular disease, osteoporosis, diabetes, mental illness and domestic violence. The Well Women Health Screening Program will provide screening, diagnostic services, and case management to low-income women 35-64 years of age including referral to existing primary care providers.

2. Relationship to City-wide Strategic Goals and Departmental Objectives:

This grant would enable the Milwaukee Breast and Cervical Cancer Program and other programs within the Healthy Behaviors and Health Care Access Division to work as a collaborative effort with existing community providers. Additional partnerships with existing community providers will be enhanced and established to assure access to health promotion/risk reduction services.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

These grant funds are needed to strengthen, enhance and expand our current program and services provided. These services are to include breast and cervical cancer screening, cardiovascular disease screening and diabetic screening.

4. Results Measurement/Progress Report (Applies only to Programs):

Results will be measured through our client data collection system and the required state reporting mechanisms.

5. Grant Period, Timetable and Program Phase-out Plan:

The grant period is July 1, 2006 through June 30, 2007. This grant funds positions and services vital to the operation of the breast cancer program.
