

Dear Mr. Roberts,

I am writing to encourage you to stand firm in the fight to remove the adult video store from the corner of 91st & Brown Deer Rd.

As a former resident of the neighborhood and as principal of Risen Savior Lutheran School just a few blocks away I know the area well. I am happy to see so much positive change in the Woodlands and surrounding area since I first moved onto 95th St. Easy access to pornography is just one of the contributing factors to the problems of violence and abuse in the neighborhood, and the removal of this store will be another step in the right direction. I also believe that such a measure will embolden residents to take further steps in cleaning up this corner of Milwaukee and help to restore some measure of pride for the legitimate businesses nearby.

I appreciate your help in this matter, as this detrimental business is removed for the betterment of all.

Sincerely,

Benjamin Clemons, Principal
