Subject: I oppose Vote NO – Protect Our Community

Dear Committee and Alders,

My name is Darnisha Jenkins and im a business owner and live in 15th district in the Amani neighborhood, I **strongly oppose** these zoning changes. They ignore our voices, offer no protections, and will push long-time residents out.

For over a year, we've said **NO** to 8-plex developments. We need **homeownership opportunities, not more investor-owned rentals**. And ADUs? They're out of reach for working-class folks like me. My neighbors and all of there concerns should not be ignored. How will they stay in place and contend from potential harm of development?

Before making changes, **listen to us**:

- ✗ No displacement
- ✗ No top-down decisions
- ✗ No vague promises—show us the data

Vote NO and work with the community, not against it. Please make a plan to work with the community and don't repeat the missteps of the flawed engagement of the DCD office and how they engaged the growing MKE plan.

Darnisha Jenkins
