Roadmap for BMA Local Action Plan

This template is designed to help you work in groups to assess where you are and to think through a roadmap for creating a BMA action plan that will guide the continued efforts you undertake as a city. While the emphasis could be on making significant progress in one or two of these areas, all components are critical and suggest there may be some light work to be done in all areas to maintain progress or lay the groundwork for a focused effort down the road

	Establish and Promote a Shared Vision for BMA	Engage Diverse Stakeholders	Define and Implement Comprehensive BMA Strategies	Share Accountability, Data and Outcomes	Create and Sustain a Local Coordinating Body
What have you done or are you currently doing to...?					
What are steps you would like to take in the next 1 to 2 months to...?					
What are steps you would like to take in the next 4 to 6 months to...?					
What local support and resources are helpful as you work to...?					
What role, if any, could NLC play to support your efforts to...?
