Subject: A resolution related to the application, acceptance and funding of the 2007 Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant.

Dear Honorable Members:

Please accept for introduction at the Common Council meeting of October 24, 2006, the attached file related to the Fire Department's acceptance and funding of the 2007 Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant.

The Wisconsin Emergency Medical Services (EMS) Funding Assistance Program grant enhances the provision of emergency medical services to the citizens and visitors of the City of Milwaukee. The grant provides the Milwaukee Fire Department the ability to improve and supplement its EMS program through funding critical supplies, equipment and training.

It should be noted that the 2007 award continues to reflect a change related to the disbursement of training funding. Starting with the 2006 grant award, the State of Wisconsin provided training funds utilizing a new funding distribution method. Eligible providers received training funds directly, rather than EMS training centers on behalf of the EMS provider. A new funding formula was also instituted. This formula is based on the provider's primary service area population, the number of licensed EMT-basic personnel, and the call volume. These changes are the primary reason that the City's 2006 and 2007 awards are significantly higher than previous years.

Attached are the required grant analysis form, budget and resolution needed to complete this legislation.

If you have any further questions regarding this matter, please contact Deputy Chief Gloria Murawsky, at extension x8982 or Business Finance Manager Sandra Rotar at extension 5281.

Respectfully submitted,

WILLIAM WENTLANDT

Chief
