

Hello,

I do not have a resume, but here is some information about myself.

I go to Milwaukee School of Languages, where I am studying German, but I am fluent in English and Spanish as well. I am among the top five in my class. At my school, I am a member of "Youth Empowered in the Struggle," an organization that focuses on immigrant and worker's rights. The group has worked on an anti-harassment campaign that has been presented in front of the staff. I also have participated in organizing the walkout at my school on March 14th, 2018, a month after the Parkland school shooting.

Being an immigrant myself, I am passionate about immigrant rights. I have participated in immigrant rights demonstrations, such as "Defend DACA," "A Day without Latinxs, Immigrants & Refugees," and "Families Belong Together." I am planning to pursue a Bachelor's Degree in Political Science and go on to law school to become an immigration lawyer. I want to be the voice for those who can't be heard.

Since first grade, I have been playing the violin. In 2012, I joined the Latino Arts Strings Program, which resides at the United Community Center. I am a violinist in Mariachi Juvenil, an all strings ensemble that focuses on Mexican and Latin American folk music.

Thank you for the attention.

Sincerely,

Greta Garcia Jalil Melendez
