Subject: 5 STORY PARKING STRUCTURE

Hi my name is Max Volk, I live just a few blocks away from the proposed site of the 5 story garage, and I think that this would horribly detract from the aesthetics that surround the lot in contention. I am a senior at UWM in the architecture department and believe that this building is a mistake and further planning and development options should be explored before breaking any ground.

Even though the dean of the architecture school is a large proponent of the project I believe it is a foolish endeavor that is just going to be put up for the goals of increasing private corporation revenue. Please do NOT put this plan into action.

Thank you,

Max Volk
