**MARY E TURK**

File 070452 is an ordinance relating to the maintenance fee for a free standing sign that encroaches into the public right-of-way and clarifies the current definition of projecting signs.

**Background**

1. The City Code presently charges a \$33 annual maintenance fee for projecting signs that project into the public right-of-way.

**Discussion**

1. This ordinance clarifies the current definition of projecting signs to include freestanding signs and imposes the same annual maintenance fee of \$33 presently charged for projecting signs.

**Fiscal Effect**

The ordinance has no fiscal impact as the ordinance provides clarification on existing code. The fees proposed for projecting signs are presently being imposed and no new fees are involved.
