Chiraag Valend,

The District 6 CLO office has been in contact with the Alderman's Office regarding your upcoming renewal hearing. A review of your location has brought some concerns to our office regarding the daily operations of your location. The propose of this email is to recommend some safety and security options to help abate any further issues at the location.

1. We do not recommended staff living onsite. There is a fine line regarding professionalism and ones personal life that can spill over.
2. An update to your Do Not Rent List - link it to your computer system/database - we have seen systems were the name is entered in the computer and the person is flagged.
3. Hourly walkthroughs of location to check for unsecured doors - having a logging system for these checks.
4. Open Records request (MPDOPENRECORDS@MILWAUKEE.GOV) at least every four months to monitor Calls for Service at location and to have a better understanding of what issues are occurring.
5. A review of your extended stay policy. Is your location equipped to have extended stay(room set ups - suites VS standard rooms-amount of people in a room).

Also, be advised the incident that occurred on 3-13-2022 does qualify as a violent incident. If a second violent incident occurs at the location within the year of the first, the location will be designated as a Nuisance Property.

PO Garcia and I are open for discussion regarding any issues at the property.

Thank you for your time.
