Subject: PW Agenda
Terry,

Please include the following files on the next Public Works Committee agenda.

070900
070998
070999
071040
071111
071112

Also, please include 071267 for being Placed on File. If anyone asks, Kentucky Data Link is a utility registered with the Public Service Commission of Wisconsin and, as such, does not need to have a special privilege for items that are related to the purpose of the utility, in this case conduit, fiber cable and appurtenant facilities.

Thanks,

Dawn Schmidt
Civil Engineer III
