### **DEAR PERSON OF INTEREST:**

The Common Council has referred File No. 231936 to the City Plan Commission (CPC) for recommendation. This file relates to the change in zoning from Detailed Planned Development (DPD) known as University Club to Downtown – Residential and Specialty Use (C9B) for the property located at 924 East Wells Street, located on the north side of East Wells Street, west of North Prospect Avenue, in the 4<sup>th</sup> Aldermanic District.

This site, inclusive of the existing historic 6-story building, was rezoned to DPD in 2003 at the time the parcel was divided to accommodate the construction of the University Club Tower to the north. The DPD zoning retained the existing University Club facility, which included meeting rooms and banquet facilities for its members. The University Club closed its facilities at this site at the end of 2023, and entertained offers to purchase the property. A prospective buyer, Wells Street LLC, has requested a zoning change to allow for other uses within the existing building other than the currently allowed social club use. The proposed C9B zoning district is designed and intended to allow a compatible mix of urban activities which together result in a cohesive district offering a variety of residential, employment-generating, and neighborhood-serving or specialty retail uses. The site will retain its local historic designation. **Please refer to the reverse side of this notice for map details.**
