

December 14, 2010

Ald. Tony Zielinski
14th District
Zoning, Neighborhoods & Development Committee
Common Council – City of Milwaukee
City Hall
Room 205
200 E. Wells Street
Milwaukee, WI 53202

Dear Alderman Zielinski:

The Milwaukee Continuum of Care is a 100 + member coalition of shelters, homeless service providers, faith-based, public and private members that work together on issues and opportunities around the issue of homelessness. The Milwaukee Continuum of Care is proud to support the proposed substitute ordinance relating to zoning regulations for transitional housing and permanent supportive housing as File Number 100848.

In February of 2010, the Milwaukee Continuum of Care released its 10 Year Plan to End Homelessness (the Plan). Permanent housing is one of the four pillars to end homelessness in Milwaukee contained within the Plan which calls for the development of 1260 new permanent supportive housing units within 10 years.

This Plan was presented to both the City of Milwaukee Common Council and the Milwaukee County Board of Supervisors. The County Board approved the Plan on March 18 as File 10-108. As you know, by a vote of 14 to 0, on September 21, 2010, the Common Council adopted a resolution endorsing the Plan's principles and goals. The resolution also expressed the City's commitment to "assist in the implementation of the plan and to continue to provide funding for housing for the homeless". Signifying his support, Mayor Tom Barrett signed the resolution on September 24, 2010.

The proposed City of Milwaukee Code of Ordinance zoning changes contained in File Number 100848 are the direct result of the direction that the Common Council has provided on this very important issue. These regulations will establish a more straight-forward process for the development and operation of both transitional and permanent supportive housing units by quality supportive housing providers. In turn, a vulnerable population that is generally homeless or at risk of homelessness and who has mental health conditions or other disabilities will have the opportunity to benefit from safe and affordable housing and services that will assist them to live independently.

The increased public and private sector focus on the development of much needed and long awaited permanent supportive housing units was assisted by the attached 2006 series of articles by Milwaukee Journal Sentinel reporter Meg Kissinger. These articles helped bring to light the alarming need for safe and supportive environments for people who have both mental health conditions and are homeless.

Many positive steps have already been taken, including the joint establishment by the City of Milwaukee and Milwaukee County of the Commission on Supportive Housing. In addition, 163 permanent supportive housing units have already been developed with plans to add 155 more for a total of 318 units since the articles were published. Although we are well on our way to achieving the goals of the Plan, our work is not done.

The Milwaukee Continuum of Care fully supports the proposed zoning ordinance changes. We urge you as a member of the Zoning, Neighborhoods & Development Committee to also approve the proposed zoning regulations. We believe that these regulations are an excellent step forward in helping to provide safe and supportive environments that people can call home – and in fulfilling the goals endorsed by the Common Council.

If you have any questions, please feel free to contact me at 414-274-2546.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan McCarthy", with a long horizontal flourish extending to the right.
