Subject: Reappointment of Chief Norman

The Center Street Marketplace Business improvement district number 39 is in support of the reappointment of chief Jeffrey Norman. Chief Norman has been instrumental in the stability of center Street. Chief Norman and the administration have included the Milwaukee northside in plans for sustainment of the community through positive engagement with our youth and solidification of plans to curb, crime and violence. We will often see chief Norman as well as the individuals on the force in Sherman Park , Metcalfe park, Amani, and Washington Park neighborhoods, as well as on the blocks in our community. Not only bringing resources but boots on the ground so that our youth can see positive images of law enforcement.

Our commercial corridor residents and businesses understand the value of operating safely and being a part of the solution. We are thankful for this opportunity to submit this brief statement about the value of business, community and law-enforcement partnerships thank you Dr Jennifer Potts Center Street business improvement district executive director.
