Honorable Mark Borkowski  
Alderman, 11th Aldermanic District  
Room 205, City Hall

SUBJECT: 11TH ALD. DIST. - FILE #220962  
INSTALL STOP SIGN ON WEST BURDICK AVENUE  
AT SOUTH 77TH STREET

Dear Alderman Borkowski:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southwest corner of the intersection in the form of bush that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation that will be heard at the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP  
City Engineer

**SUBJECT: 1ST ALD. DIST. - FILE #220962**  
**INSTALL STOP SIGN ON NORTH 29TH STREET**  
**AT WEST BOBOLINK AVENUE**

Dear 1st Aldermanic District:

This is in response to a request we received from a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southeast corner of the intersection in the form of pine tree that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

Legislation will be prepared for consideration at the next Public Safety and Health Committee meeting to install the stop control.

Sincerely,

Kevin J. Muhs, PE, AICP  
City Engineer

**SUBJECT: 1ST ALD. DIST. - FILE #220962**  
**INSTALL ALL-WAY STOP ON WEST THURSTON AVENUE**  
**AND NORTH 37TH STREET**

**REMOVE STOP SIGNS ON WEST THURSTON AVENUE AT**  
**NORTH 37TH STREET**

Dear 1st Aldermanic District:

This is in response to a request we received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the accident data revealed an increase in accidents that warrant the installation of the above-captioned traffic control. We therefore, in the interest of public safety, recommend the installation of the all-way stop control.

Legislation will be prepared for consideration at the next Public Safety and Health Committee meeting to install the all-way stop control.

Sincerely,

Kevin J. Muhs, PE, AICP  
City Engineer
